## 2022-23 RECOMMENDED MINIMUM REMUNERATION PACKAGE FOR PEOPLE IN MINISTRY IN CCVT

**Note: This 2022/23 Package incorporates recommendations from the annual review, offering an equitable increase in consideration of the impacts of rising living costs, COVID-19 and market fluctuations on CCVT affiliates' finances.**

The 2022/23 Recommended Minimum Remuneration Package for People in Ministry in CCVT is summarised in the following table. A schedule to assist churches with their minister's remuneration levels based on qualifications and experience is included.

The methodology employed was to apply formulae that are considered reasonable for annual increase. The increase also considered the Weighted Average Consumer Price Index (CPI) of 3.7%, the Wage Price Index for Australia (Private Sector) of 2.4% for the 12 months ended 31 December 2021 – (provided by the Australian Bureau of Statistics) and the State Median Rents and Rental indices an increase of 1.8% as at December quarter 2021. An additional comparison to the Average Weekly Earnings Australia, based on the average weekly earnings for full-time adults of \$1,748.40, an increase of 2.1% annually to November 2021.

We also compare the new amounts to that recommended for Baptist Union of Victoria ministers, and the Teacher Class Salaries in Victorian Government Schools as another helpful external measure.

### RECOMMENDED INCREASE – Remuneration

**The total annual increase for 2022-23 is to be 2.0% which results in an annual increase of \$1,647.71 (for Level D, and pro rata for other levels) is to be allocated per current ration of non-exempt and exempt remuneration as follows:**

Remuneration Item	Ratio	2021-22	Allocation	2022-23
Assessable Income	30%	\$24,715.60 x 2%	\$494.32	\$25,209.91
Exempt Fringe Benefits	70%	\$57,669.72 x 2%	\$1,153.39	\$58,823.12
TOTAL	100%		\$1,647.71	\$84,033.03

### RECOMMENDED INCREASE – Superannuation

**Superannuation contribution to increase by 0.50% to reflect an annual contribution of 11.5%.**

As the Government Superannuation Guarantee Charge (SGC) percentage is changing from 10% to 10.5% as at 1 July 2022, it is recommended an increase of 0.50% to the current employer's superannuation contribution of 11% to 11.5% to maintain a target of level of 1% above the SGC.

**RECOMMENDED DECREASE – Professional Development, including supervision.  
That the minister’s annual professional development remains to be 2% per year.**

The professional development is to be maintained at 2% per year.

The professional development budget amount can be accrued for up to two years to enable the minister to plan for any major learning experience or event. The church’s provision for a minister’s professional development no longer forms part of the remuneration package but should instead be included in the church’s annual Budget.
